

During that time I saw that I could help him a lot with a little bit of effort, because I felt that I had a house here.

WHAT IS LOTURAK?

It's a program for the creation of a local hosting network, through:

Hosting Families

Local Hosting Groups

We are committed to the creation and development of meeting spaces where we, volunteers, hosted and hosting families, collectively build a fairer, critical and committed citizenship with migrants and refugees.

Our principles:

1

BUILDING
CITIZENSHIP

2

DIVERSITY OF
OPPORTUNITIES

3

MANAGEMENT
OF COEXISTENCE

4

SPACES OF
LIVING
TOGETHER

5

ORGANIZED
SOLIDARITY
NETWORK

HOSTING FAMILIES PROGRAM

It is a network of host homes, communities, families and individuals who are committed to:

- Hosting refugee families in the foster home for a minimum period of 3 months (and extendable to 6 or 12 months).
- Covering the basic needs of accommodation and maintenance of the hosting families.
- Doing it voluntarily (no financial compensation is received in return).

Hosting goes beyond the roof,
it's about opening our houses,
building a home and living together.

I WANT TO BE A HOSTING FAMILY, WHERE DO I START?

BEFORE

- Study of the possible foster care: assessment of the foster family, the family to be fostered and the housing situation.
- Signing of the fostering agreement: commitments and responsibilities of the participants.

DURING

- Periodic evaluation of the coexistence and the reception process.
- Referral technical accompaniment for needs, doubts or conflicts.
- Continuous training and possibilities of psychosocial support.

AFTERWARD

- Signing of the end-of-care agreement and final evaluation.

But not all is over:

- It is encouraged that there is a follow-up of the bond with the family that has been fostered.
- Awareness-raising is promoted through the account of the experiences created through the programme.
